ADMISSION

The process to be admitted to Rome City Institute includes several steps that you will easily complete thanks to the assistance provided by our Admission Office 24/7. This is how it works:

- 1 • Apply online at romecityinstitute.com/apply
- 2 • Send the required material to complete your application
- 3 • Apply for scholarships
- 4 • Schedule an interview with the Admission department
- 5 • Receive an official offer including scholarships
- 6 • Commit and start the admission process
- 7 • Pay the initial deposit
- 8 • Time to fly to Italy!

For assistance with any questions regarding your application, please contact our Admission office at admission@romecityinstitute.com

SCHOLARSHIPS

We know cost is an important factor when selecting a Bachelor's program, as it is a competitive industry. At Rome City Institute, you are automatically considered for our merit-based scholarships when you apply for admission.

Scholarships are awarded based on the following criteria:

ACADEMIC PERFORMANCE

GPA, test scores and general
academic proficiency

TALENT

Based on your athletic career,
leadership, and
professional skills

OUR CAMPUS - IN THE ETERNAL CITY

Built by the order of Pope Pius V in the XVI century, the Manor was a summer residence of the Pope up until 1655 when the Chigi's family took the ownership. From 2016, the Manor of San Pio V has become the home of Link Campus University.

Our University is situated in a magnificent historical complex, the Manor of San Pio V, immersed in a wonderful park located in the center of Rome, right next door to the Vatican City. You will have the opportunity to enjoy studying at a university with a highly innovative faculty and at the same time get to experience a beautiful, historic, and ancient atmosphere.

HOUSING: LIVING IN ROME

Rome City Institute offers the opportunity to have accommodations in the heart of Rome. The apartments will be shared with other students-athletes who participate in the same program and sports. They will be walking distance from classrooms and training grounds.
